DEATH OF MRS. ALBERT HALLWORTH

In the sudden death of Kate Ellen, beloved wife of Albert Hallworth, which occurred at her home in Bellevue at an early hour of Tuesday morning, the Crows' Nest Pass has lost one of its most popular and prominent citizens. The news of her death came as a shock to the whole district. She was stricken down about noon on Monday with hemorrhage of the brain and became unconscious and never regained consciousness, passing away at 2:30 on Tuesday morning.

The late Mrs. Hallworth was 44 years of age, was widely known, and was beloved and respected by all who knew her. She came to Bellevue in the early days of that camp and with her husband established a permanent home there, Mr. Hallworth occupying the position of pit-boss at the mine.

At the time of her death she was grand chaplain of the Alberta Rebekah Assembly and was looking forward to filling her position and perhaps rising to a well-earned higher position at the coming annual session to be held in Edmonton next month. She was also a most active member of the Bellevue Ray of Hope Rebekah Lodge, in connection with the institution of which she was largely instrumental. In many other activities, including church work, she was connected and ever a faithful and earnest worker.

Besides her husband, three daughters, Misses Florence, Gladys and Margaret; one son, Frederick, two brothers, W. H. Chappell, jr., of Blairmore, and Fred Chappell, of Cadomin, and several sisters in England, and her father, W. H. Chappell, of Bellevue, survive her. To these the people of the Pass extend their sincerest sympathy.

Funeral took place on Wednesday afternoon from the home to the Methodist church. The procession was headed by the Bellevue Silver band. The entire route from the home to the church was marked by the open ranks of Rebekahs and Odd-fellows, of 57 and 84 strong respectively. The funeral arrangements were in charge of Undertaker Ferguson, of Blairmore.

The church was filled to standing capacity, while hundreds stood outside unable to gain admittance. The service was most impressive, being conducted by the present pastor, Rev. Harry Peters, Rev. T. D. Jones, of Lethbridge; and Rev. A. J. Law, of Coaldale, both the latter being former pastors of the Bellevue church and very intimate friends of the deceased. Appropriate hymns were sung and touching reference was made to the sterling character of the deceased lady. Towards the close of the service, Mr. Watts Goodwin feelingly sang "Then Shall I Understand," a hymn most favored by Mrs. Hallworth.

Service at the graveside was conducted by Rev. Mr. Peters, followed by the last rites of the Rebekah Lodge to the dead.

Floral offerings were as follows: Blairmore—Victoria Rebekah Lodge No. 66, wreath; Blairmore Lodge No. 68, L.O.O.F., spray; West Canadian Collieries, Ltd., wreath; Blairmore Hockey Club, wreath; Will and Annie, heart; Mr. and Mrs. J. R. Smith, spray; Mr. and Mrs. Owen Morgan, spray; Mr. and Mrs. H. M. Bennett, spray; Mr. and Mrs. A. R. Granger, spray; Mr. J. Charbonnier, wreath; Mr. and Mrs. Harold Pinkney, wreath; Mr. Arthur Kelly, wreath; Mr. and Mrs. F. M. Pinkney, wreath; Mr. and Mrs. F. M. Pinkney, wreath.

The new 37-room Greenhill hotel in West Blairmore has been leased to William Porter, of Lethbridge, and in all probability will be open for business before the end of February, under the management of Mr. Porter's son, Jack, who for some time has been day clerk at the Alexandra hotel in Lethbridge.

Mr. Porter at present controls a string of hotels, including the Arlington and Alexandra at Lethbridge, and the Drexel hotel at Vanle, Oregon.

This hotel is one of the most magnificent modern hotel structures in Alberta and commands the finest view possible of the majestic scenery of the Crows' Nest Pass.

BURNS' CURLING TROPHY RETURNS TO BLAIRMORE

The Burns' Cup has returned to Blairmore after resting in Coleman for some time. Two rinks equipped of Shearer, Swan, Morgan and Birt (Skip), and Elliott, Donkin, Crowder and Hughes (Skip), journeyed to Coleman and won from Powell and Rippen rinks by a total score of Blairmore 15, Coleman 12. As the score indicates, the games were closely contested, and now that the cup is back home, the two local rinks intend to keep it at all possible. Two erect rinks from Hillcrest have already challenged for a match and the games will be played at 7 p.m. on Saturday next at the arena.

Wreath: Mr. and Mrs. Raoul Green; wreath: Mr. and Mrs. W. McVey, spray.

Bellevue—Ray of Hope Rebekah Lodge No. 57, harp; Bellevue Lodge No. 115, L.O.O.F., three links; Armistice Encampment No. 17, spray; Staff of Bellevue Mine, pillow; Methodist church and Ladies' Aid, Bellevue, wreath; Bellevue School Staff, spray; Bellevue Horticultural Society, pillow; Father and Freddie, wreath; Florence, Margaret and Gladys, wreath; Mr. and Mrs. A. B. Carr, spray; Mr. and Mrs. C. V. Asseltine, spray; Mr. and Mrs. W. Prescott, spray; Mr. and Mrs. J. A. Barbour, spray; Mr. and Mrs. S. T. Humble, spray; Mr. J. Tilley, wreath; Mr. and Mrs. Charles Emmerson, spray; Mr. Fred Utley, cross; Mr. and Mrs. J. Jackson, harp; Mr. and Mrs. E. C. Coastick, wreath; The Goodwin Family, anchor; Mr. and Mrs. C. R. Ritchie, spray; Mr. and Mrs. J. D. McDonald, spray; Mr. and Mrs. James Lindsay and Mr. R. Livett, anchor; Mr. and Mrs. Herbert Barless, spray; Mr. and Mrs. James Radford, spray; Mr. and Mrs. W. Blinston, spray; Mr. and Mrs. S. Berry, wreath; Mrs. W. P. Williams and family, wreath; Mr. and Mrs. F. F. Fudge and Mr. Bell, wreath; Mr. and Mrs. J. Holmes, heart; Mr. and Mrs. George Padstun, spray; Mr. and Mrs. T. Bradley, wreath; Mr. and Mrs. W. L. Evans, spray; Mr. and Mrs. Walter R. Warn, spray; Dr. and Mrs. N. T. Beeman, heart; Mr. and Mrs. L. P. Robert, wreath; Kerr Brothers, wreath; Mrs. Hamilton and Freida, cut flowers; Mr. and Mrs. E. W. Christie and Family, wreath.

Coleman—Victoria Rebekah Lodge No. 7, spray; Coleman Lodge No. 36, L.O.O.F., star; Mr. and Mrs. David Davidson, wreath.

Calgary—Rebekah Assembly of Alberta, three links.

CARD OF THANKS

Mr. Albert Hallworth and family desire, through the medium of The Enterprise to thank everyone for expressions of sympathy and assistance during their sad bereavement, and to the many friends for floral offerings and other recognized tributes of respect and sympathy.

Born January the 23rd, at Michel, B.C., to Mr. and Mrs. J. Richard Harrison, a son.

World Happenings Briefly Told

E. B. Northwick, ex-chief of police of Swift Current, has been appointed chief of The Pas fire and police departments.

The Scots Guards band sails for Canada on April 1. The band will give concerts throughout the Dominion on behalf of the war veterans.

George Baldwin Belden, 77, inventor of the first gasoline propelled vessel and a pioneer in the present automotive industry died recently at his home in Rochester.

Eleven members of the crew of the German steamer "Vesta" bound from Hamburg to Lisbon as well as the wife of the chief officer, were killed by an explosion on the ship following a fire. Ten survivors of the crew were landed at Loughswilly by a trawler.

Maudie Adams, who is known to thousands of Canadians as Peter Pan, has presented her 30-acre estate at Lake Bonkookoma, Ont., to the Roman Catholic sisterhood of Our Lady of the Cenacle. The estate is valued at \$130,000.

The minister of publicity, Dublin, has published a letter from "The Irish consulate in New York" advising suspension of all emigration from Ireland to the United States in view of the depression in trade and the unemployment which prevailed there.

Official statistics show the cost of living fell seven per cent. during the month of December. At the end of 1921, the figures were the lowest since March, 1918, namely, 92 per cent. above the figures of 1914.

A bill is to be introduced in the Reichstag providing for the destruction of fortresses in accordance with the Versailles peace treaty, including those at West, Cologne, Coblenz, Mayence and other upper Rhenish and right bank of the Rhine, and also the coastal fortresses at Friedeburg, Kiel and Heligoland.

The city of Montreal was found guilty of gross negligence in connection with the death of Lillian Manning, the eight-year-old daughter of Joe Manning, who fell through an open manhole into a sewer last winter, and was ordered to pay \$665 to the child's parents. Mr. Manning originally sued for \$2,500.

Why does any healthy person want to be kicked into wakefulness in the morning?

Many people feel that they have to be agitated into wakefulness in the morning. They think that without the tea or coffee they take in the morning that they will not be able to meet the tasks and duties of the day.

Nothing could be more false than this reasoning. Any doctor can tell you this. For a healthy body does not need or require a stimulant. It gets all the stimulant it needs from food.

The thein and caffeine found in tea and coffee are irritating to the head and nervous system. They jolt the nerves into undue activity. The result is a reaction. This is why regular tea and coffee drinkers think they must have their stimulant the first thing in the morning to wind them up for the day.

If you will stop using tea and coffee for a week, and drink

Postum, the pure cereal beverage instead, it will give Nature an opportunity to rid the system of the irritating substances that harass your nerves, upset digestion, increase your heart action, and make you nervous and irritable.

Many people who have tried Postum say that inside of a week they wake in the morning without that "all gone" feeling that they used to have, and are full of energy, strength and endurance.

Order Postum from your grocer today, and make it according to directions. Your first cup of Postum will surprise and please you.

Postum comes in two forms: Instant Postum (in tin) made instantly in the cup by the addition of boiling water. Postum Granules in packages of large bulk, for those who prefer to make the drink while the meal is being prepared by boiling for 30 minutes.

Postum for Health—"There's a Reason"

Made by Canadian Postum Cereal Co., Limited, Windsor, Ont.

Grain Growers Had Profitable Year

Financial Report Shows Total Profits Of \$233,743
Five hundred, thirteen, four hundred and thirty, 30,000 shareholders, were present at the annual meeting of the United Grain Growers, held in Winnipeg. All the retiring directors were re-elected. The financial report for the year ending August 31st showed total profits of \$233,743, while the total current assets of the company are reported to be \$5,975,000.

Fish Catch Is Valuable
The value of fish and fish-products in Saskatchewan is \$100,000 annually according to the report of the Department of Labor and Industries. The total catch of white fish for the year was 2,420,000 pounds, valued at \$215,000. The scarcest fish for marketing this year is the herring. Only one ton was caught, the value being \$200. Other commercial varieties are mackerel, pike, sturgeon, trout and tullibee.

Strained Muscles, Sprains, Can Be Treated Quickly

In minor sprains, the muscle is strained a little, and all that is needed is a vigorous rubbing with a liniment. This draws the extra blood away, and permits the muscle to return to its normal condition. The supremacy of this liniment is owing to its penetrating power, it strikes deep, and is why it removes deep seated pains, and fixes up folks that have Rheumatism, Lumbago, Neuralgia and Sciatica. There is about six times the pain destroying power in Nervoline than you find in the average liniment. Sold everywhere, 30c per bottle.

Winnipeg Planning Industrial Credits

Estimate Five Million Dollars Needed to Finance Undertaking
A system of industrial credits, similar to rural credits scheme, will be put into operation early in the new year by the Winnipeg Trades and Labor Council, it was announced. The proposal, which is only in a tentative form, will be to loan money to small industrial concerns at a slightly higher rate of interest than it costs to provide for administration expenses. It is estimated \$5,000,000 will be needed to finance the undertaking, and this will be raised by means of a loan.

Ladies Remove Their Corns In A Very Simple Way

No pain, no trouble, costs only a quarter. It is a very simple thing to get on to a small application of good old "Putnam's" night and morning. To remove corns, to get rid of them from them, use Putnam's Corn & Wart Extirminator. It is guaranteed. See at all dealers. Refuse a substitute.

Do 2 and 2 Make 4?
The famous logician Archbishop Whately was having an argument with a friend, when the friend said: "One cannot argue with you, for you will never admit one's premises. I don't believe that you would admit without argument that two and two make four." "Certainly not," said the Archbishop. "For instance, they might make 22."

Weather strips will soon be classed as long feet warts.

Why owe any person a grudge? Let's pay as we go!

ITCHING BURNING ECZEMA ON FACE

In Blisters. Was Disfigured. Cautica Healed.

"Eczema started on my face around my chin. It came out in blisters and the itching and burning were very disagreeable. Sleep was out of the question and my face was disfigured so I wrote a note to my friends saying that nothing would do me good. I procured a box of Cautica Soap with a box of Cautica Ointment which soon healed me." (Signed) Miss Carrie H. Pottle, Gray, Dry Mills, Me.

Try to prevent further trouble by using Cautica for all toilet purposes. Wash face and neck with Cautica Soap. Rub Cautica Ointment on face and neck. Cautica Soap makes white skin.

Blotting Paper Being Made in Canada

Half Million a Year Has Been Paid for Import
After extensive and thorough experimentation, blotting paper of the finest quality is reported for the first time produced in Canada, the Howard Smith Paper Mills, Ltd., Cornwall, Ont., being the pioneers in this branch of the industry. Hitherto the blotting paper used in Canada has been imported, the imports being valued at about half a million dollars a year.

KEEP LITTLE ONES WELL IN WINTER

Winter is a dangerous season for the little ones. The days are so changeable—one day bright, the next cold and stormy, that the mother is afraid to take the children out for the fresh air and exercise they need so much. In consequence they are often cooped up in overheated, badly ventilated rooms and are soon filled with colds or grippe. What is needed to keep the little ones well is Baby's Own Tablets. They will regulate the stomach and bowels and drive out colds, and by their use the baby will be able to get over the winter season in perfect safety. The Tablets are sold by medicine dealers or by mail at 25 cts. a box from The Dr. Williams' Medicine Co., Brockville, Ont.

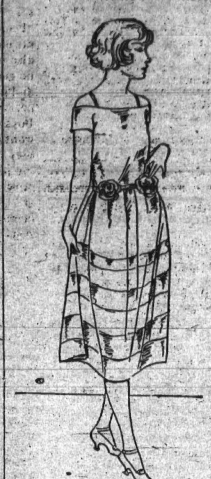

Still a Mystery
Another would-be contributor to a comic paper sent a humorous paragraph for insertion. Not getting any reply, or seeing it in print, he presently wrote:

"I sent you a joke about ten days ago. I have heard nothing respecting its safe receipt, and should be glad to hear whether you have seen it." The editor's reply was as follows: "Your joke arrived safely, but to the present we have not seen it."

Do not allow worms to sap the vitality of your children. If not attended to, worms may work irreparable harm to the constitution of the infant. The little sufferers cannot voice their ailment, but there are many signs by which mothers are made aware that a dose of Miller's Worm Powders is necessary. These powders act quickly and will expel worms from the system without any inconvenience to the child.

The guitar was introduced into Europe by the Spaniards, who copied it from the Moors.

Young Girl's Party Frock of Pastel

By Marie Belmont

Pastel shades are favored for the younger girl. This shell colored chemise is essentially the ingenious type most suitable to the young miss who will wear it. The simple bodice extends into a straight across top portion, which drops over the shoulders in the newest fashion. The plain bodice is drawn in to fit the figure.

Lines of the material decorate the belt front. The only other trimming note appears in the three applied folds of the chemise. The folds diminish in width as they near the top of the skirt, this idea being one borrowed from mother's party frock.

CATARRHAL DEAFNESS

Is greatly relieved by Catarrhal Deafness. The only other trimming note appears in the three applied folds of the chemise. The folds diminish in width as they near the top of the skirt, this idea being one borrowed from mother's party frock.

England Takes Bulk of Wheat
The total wheat booked for export from Vancouver this season has now reached 100,000 tons, of which two-thirds is for England.

Immigration to Canada

Report Shows More British Than Other Nationalities
The total immigration to Canada for the month of November, 1921, was 4,560, 1,404 being from the British Isles, 1,747 from the United States and 2,409 from other countries. Immigration to the Dominion for the first eight months of the fiscal year, April to November, totals 76,575, of whom 35,941 are British, 23,279 from the United States and 17,355 from other countries.

Minard's Liniment for Garget in Cows

Ask for Government Liqueur Control in Saskatchewan

Delegation Waits Upon Premier Martin Urging Change in Law
Premier Martin and other members of the Saskatchewan Government recently received a delegation of Regina citizens who protested against liquor concessions throughout the province. They asked the government to take over the purchase and sale of intoxicating liquors within the province.

At the conclusion of the conference, Premier Martin informed the delegation that "the government has no intention at all of changing its attitude in regard to the present law."

Alberta Turkeys Sent to States
Twenty thousand pounds of Alberta turkeys were shipped to Minneapolis and St. Paul during the Christmas season through the medium of the egg and poultry branch of the department of agriculture, which handled 20,000 pounds altogether of the surplus turkeys raised by Alberta farmers.

Peevish, restless and sickly children owe their condition to worms. Mother Gravel's Worm Extirminator will relieve them and restore health.

Acclaimed as the handsomest man in France, H. Hoffman, of Paris, weighs 210 pounds and has a waist measurement of 66 inches.

Minard's Liniment for Warts, Corns, Etc.

UNION BANK OF CANADA HAS AN EXCEPTIONALLY STRONG STATEMENT

Bank's Position is Well Maintained, the Liquid Assets being 53.70 per cent. of Total Liabilities to the Public—Resources Aggregate \$152,925,384

THE balance sheet of the Union Bank of Canada for the fiscal year ended November 30th, 1921, which was returned to the shareholders at the 57th annual meeting, held at the Bank's head office in the city of Winnipeg, 4th Monday, January 9th, discloses this well-known banking institution to be in a very strong and liquid position. The meeting was largely attended by representative shareholders. W. R. Allan, Vice-President, presided. H. B. Shaw, General Manager, presented the Bank's annual statement. Following the shareholders' meeting, the Board of Directors elected W. R. Allan, President, John Galt, former president, retiring because of his removal from Winnipeg to Victoria, B.C. Mr. Galt remains director of the Bank. H. B. Shaw was elected Vice-President, and will continue as General Manager. The Bank's assets total \$152,925,384. The readily available portion of these assets represents 53.70 per cent. of the Bank's total liabilities to the public, thus demonstrating that the liquid position of the Bank has been strongly maintained. A very strong feature of the statement is the carrying forward of \$51,686 into next year's profit account, this being \$400,000 greater than the previous year, and the largest amount in the Bank's history.

That the Bank has continued to do its full share for the commercial interest of Canada is shown by the fact that the total of these loans at the end of the year was \$52,010,007.

Grain Loans total \$7,255,453. Deposits are \$7,420,229. Deposits totalling \$116,723,755 are reported.

Net profits for the year amounted to \$1,342,339, which is about \$300,000 more than the previous year. Complimentary copy of year Book, giving statistics of the progress of Canada may be obtained from any of our branch managers.

UNION BANK OF CANADA

Revenue of Saskatchewan

Million and a Half Paid Into Provincial Treasury

The growth of the province of Saskatchewan is emphasized in the report of the provincial secretary for the fiscal year 1920-21. According to this report a total of \$1,618,930 was paid into the provincial treasury. The bulk of this revenue came from motor licenses which yielded \$945,783, and corporation taxes with a total of \$418,681. Two hundred and six joint stock companies were incorporated during the year with a total capital of \$3,733,080. The report also reveals that 143 theatres are now operated in the province.

DANDERINE

Stops Hair Coming Out; Thickens, Beautifies.

35 cents buys a bottle of "Danderine" at any drug store. After one application the hair cannot be pulled out, dandruff or a falling hair. Besides, every hair shows new life, vigor, brightness, more color and abundance.

Don't hurt a bit! Drop a little "Danderine" on an itching scalp. Instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Danderine" for a 5-cent cent, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Courage and Confidence

Quiet courage and unwavering con-
fidence are the qualities that will best
lead all business through present-day
conditions. We know the cause of our
trouble, but so far we are not able to
effect an immediate cure. But this does
not necessarily mean that the malady
is incurable. So let us renew our faith
in the hope born in past experiences,
and to our part in restoring the equi-
librium as quickly as possible.

With this spirit let us approach the
coming year. It may be fraught with
difficulties—and serious ones—but to us
people situated in the hard school of
experience, and as a consequence, we
are equipped to stand at least a few
of the rebuffs of these trying days.

And it does not profit much to be too
anxious about the immediate future.
What is most needed today is not a
temporary bolstering up of business, but
rather a successful attitude on the part
of all of us to make such assistance as
may be necessary to restore a true and
stable balance to business.

Advertising Space

The Red Bluff (Col.) Daily News
submits this statement: "If you had
advertising space to sell, and a pay-
roll to meet, would you sell your space
to business men who want it or
would you hold it for local people who
don't take it and who sometimes de-
clare advertising does not pay?"

The Higher Alaska Miner in com-
menting on the above, says: "The
question is one that concerns news-
paper editors everywhere. In many
places, notably smaller communities,
the newspaper has a hard struggle
for existence. It may be a life almost
absolutely edited, but the local merchant
feels that 'everybody knows him' and
there is no necessity to advertise;
that he does about the same amount
of business anyway."

He fails to appreciate what it means
to his community to spread the news
abroad of its doings, of its achieve-
ments and of its opportunities for
newcomers.

Every new family means at least
\$1,000 yearly went to the community.
Every merchant gets his share of this.

In supporting the newspaper by ad-
vertising, the merchant encourages
enterprise on the part of the publisher,
and the greater the publicity given
the town and district, the more rapid
the growth.

The local newspaper is the chamber
of commerce and publicity bureau
combined. It should have the support
of everyone, in the fact that the greatest
amount of good may be accomplished.
Thousands of dollars' worth of free
advertising is given away every year
to the community by the local news-
paper. Every little thing is boosted,
and people abroad begin to find out
what a fine place your town is.

Only in advertising can the local
newspaper find reward for its effort.
The subscriptions do not half
pay for the cost of publishing and
delivering the paper.

In supporting the paper by ad-
vertising the merchant is contributing
not only to his direct benefit but to the
future of the community.

A Knocker's Prayer

"Lord, please don't let this town
grow. I've been here for thirty years
and during that time I've fought
every public improvement I've knock-
ed everything and everybody. I've
lied about them and would have stolen
from them if I had the courage. I've
done all I could to keep the town
from growing and never make a word
for it. I've put ashes on the children's
slide and have made the policeman
stop the boys from playing ball on my
vacant lot. Whenever I saw anyone
prospering or enjoying themselves
I've started a rumor, kill the busi-
ness or spoil the fun. It pains me,
O Lord, to see that by spite of my
knocking it is beginning to grow.
Some day I fear I will be called upon
to pull down sideways in front of my
property, and who knows but that I
may have to keep up the streets that
run by my premises. This, Lord,
would be more than I can bear. I
would not see money, though all I
have made was right here in this
town."

Just People!

A six-year old girl submitted
the following composition on
"People" to her teachers: "People
are composed of girls and boys,
also men and women. Boys are
as good as all until they grow up
and get married. Men who don't
get married are no good either.
Boys are a awful bother. They
want everything they see except
soap. My son is a wiggan, and
my son is a man. A woman is a
grown-up girl with children. My
son is such a nice man that I think
he must have been a girl when he
was a boy."

New Map of Natural Resources

Attention is now being directed to-
wards the country's natural resources,
as never before, since it is generally
recognized that only by a more wide-
spread utilization of Canada's unde-
veloped lands, mines, forests, water-
power and fisheries can present-day
economic problems be solved.

The Natural Resources Intelligence
Branch of the Department of the In-
terior has published a map showing the
leading natural resources of each pro-
vince. In Nova Scotia, mining, fish-
ing and fishing predominates; in
Prince Edward Island, fur-farming and
agriculture. New Brunswick has large
areas of timber, while mixed farming
and fruit-growing are outstanding in-
terests. In Quebec may be found a wealth
of timber for pulp-wood, also minerals
such as asbestos, graphite and molybde-
nite, while in Ontario somewhat similar
opportunities exist.

In the Yukon, Practices the pro-
spective settler or investor may obtain
adequate returns on capital and labour
in either grain growing, mixed farming
or ranching, while in British Columbia
timbering, fishing, fruit-growing and
cattle-raising among the leading industries.
In addition to information on natural
resources, the map shows all railways
and trade routes. An interesting and
valuable feature is a series of compari-
son diagrams illustrating the production
and export of the various provinces.
A copy of the map may be obtained free
of charge upon application to the Natural
Resources Intelligence Branch, Depart-
ment of the Interior, Ottawa.

Daily exhibition of motion
pictures on the trans Atlantic
ships of the Canadian Pacific
Steamships, Ltd., have become
such a popular feature of voyages
since their inauguration that it has
been decided to similarly
equip the trans Pacific ships of
the company and the Empress of
Russia has already suggested the
service. The pictures shown are
all Canadian in subject and
appeal as well in manufacture,
being the product of the Asso-
ciated Screen News of Montreal.

At the present time British
Columbia supplies 37 per cent. of
the lumber used in Canada. This
industry produced nearly \$93,000,
000 worth of commercial material in
1920 and it is expected that the
production of 1921 amounted
to over \$100,000,000. The govern-
ment received during the period
under review \$2,500,000 in direct
timber royalties, and in addition
to this a large proportion of the
\$2,720,000 received from income
and personal taxes derived from
the timber industry.

English is the official language
at the Washington disarmament
conference, but interpreters are
provided for those who can only
speak American or Irish.

London Minister Very Critical
of Jazz; Condemns School Dance

— London, Ont., Jan. 17.—Sharp criti-

cism of "jazz" was meted out by the
members of the Ministerial Alliance
yesterday, and a committee of three was
appointed to investigate the alleged
harmful and destructive influences of
the dance halls. Discussion on the
subject was precipitated by the report
of Rev. J. A. Kelly that the new col-
legiate institution must be solemnly
opposed with a ball. Rev. Mr. Kelly
backed up his denunciation of dancing
among students by declaring that in a
community not far from London 11
young girls from 14 to 16 years of age
attributed their downfall to dances un-
der school supervision.

E. PICK, "The Bottle King"
The Alberta Hotel Blairmore, Alberta

We are glad to see Mr. M. G. Rhynes around again, though not on crutches.

It is claimed that Charlie Chaplin's recent matrimonial entanglements cost him \$200,000.

The girl of today has more backbone than the girl of yesterday—at least she shows more of it.

The initiatory degree will likely be conferred at the regular meeting of the local I. O. O. F. on Tuesday night next.

Mr. Randall, of Prosser, Washington, is spending a few days here with his son, Richard, en route to visit his daughter at Clarendon.

Johnson & Cousins, at Bellevue, are conducting a fire sale, commencing this week end. They suffered considerably through the recent Bellevue fire.

Herman Gailly has opened up a stock of boots, shoes and gent's furnishings in the Ede block, on the ground floor. He has billed the town and his advertisement appears elsewhere in this issue.

Do you know, there is more water consumed in the city of New York in a day than whiskey consumed in Blairmore in a week. We must blame the prohibition element for our failure in this respect.

Lethbridge hockey team gave Canmore a great game on Tuesday night and held that star provincial aggregation down to a tie at the finish of three periods. Canmore won in the overtime period.

Two men were this week caught red-handed in the act of burglarizing the store of Messrs. Smith at Bellevue. This meat market has been the victim of burglars several times during the past year, and the police believe now that they have the parties probably directly connected with the whole affair.

A fine of one thousand dollars was recently meted out by Magistrate Sanders, of Calgary, against G. S. Nelson, manager of the Midnapore hotel, in whose bar whiskey was found by Corporal Frewin, of Taber, and Constable Reid, of Vulcan. Nelson attempted to bribe the officers by requesting them to destroy the liquor taken by him, stating that it would be worth hundreds of dollars to them to do so.

A tip—A dab of molasses on a stick will enable you to discover whether there is any water in gasoline. Minnesota oil inspectors used the test last year with satisfactory results. Water is heavier than gasoline and sinks to the bottom. The molasses will pass through the gasoline unaffected, but as soon as it encounters the water some of it comes off the stick and so reveals the dividing line between the water and the gasoline.

The Alberta Provincial Police force in the Paw has been greatly reinforced, and it appears that the bootlegging element will from now on be kept on the run. It has been proven conclusively of late that with proper activities on the part of the police there is absolutely no need of stool pigeons.

The police have and can maintain the sympathy of the public if they can be relied on for doing their duty to the fullest and above board in the proper enforcement of the liquor act; but with the stool pigeon idea not one per cent. of the people of Alberta could sympathize. Let the laws of the land be enforced by full-fledged uniformed officers and fullest respect will be maintained.

A Political Romance

Boston, Jan. 16.—Michael O'Leary, former chairman of the Democratic state committee, and Gertrude F. Hayes, vice chairman of the committee, have filed notice of their intention to marry. The romance developed from an acquaintance begun in political work.

Coleman Happenings

Miss M. McKay spent Monday of last week in Blairmore.

W. Banks and A. Anderson spent an enjoyable holiday in Lethbridge last week.

Miss Catherine Davidson, little daughter of Mr. D. Davidson, has been ill all week with a severe cold.

A large number from Coleman attended the Blairmore - Bellevue game in Blairmore last Friday evening.

The Coleman Junior Hockey team played Pincher juniors here last Saturday evening. The visiting team won by a score of 7 to 4.

Mrs. G. R. Powell has been suffering from lappis and has been confined to the house, but we are pleased to report she is again.

Paul Stallman, of the Coleman baseball team, had his leg broken at McGillivray mine on Saturday last. Mr. Stallman was taken to the hospital, where he is improving nicely.

The carnival given under the auspices of the Women's Institute last Tuesday evening was a success, in spite of the inclement weather. The costumes were many and varied. The prizes were awarded as follows:

1. Best Representative Lady—Mrs. H. O. McBarney, as a chrysanthemum.
2. Best Representative Girl's Costume—Miss Patricia Fieldhouse, as an American beauty rose.

3. Best Little Girl's Costume—Miss Helen Cornett, as a suffragette.

4. Best Gent's Representative Costume—Tom Parry, as a hobo.
5. Best Boys' Representative Costume—Joe Farville, as a cowboy.

6. Best Little Boy's Costume—Melville Cornett, as a gentleman. After the prizes were distributed, the ladies served coffee and sandwiches and cake, and skating and dancing on the ice was indulged in and greatly enjoyed. The local band provided good and appropriate music.

A. E. Grady, of Macleod, has been appointed a coroner.

Inspector McDonald, of the R.C.M.P., was up from Macleod this week.

J. B. Risk, of the firm of Thuel & Risk, this week underwent an operation for varicose veins.

Even a wise man can't always tell when a woman laughs whether she really means it or is merely trying to show off a dimple to its advantage.

Principal at the local school—"The next student I hear making a racket after the bell has rung, I shall feel it my privilege to punish him severely. The same applies to the teacher also!"

The provincial treasury was swelled last week by two Hillcrest citizens who deposited two hundred dollars each for having offended against the prohibition element's unholy law.

Lately, it looks as though the A. P. P. might well be accused of being frequenters of booze joints. Beids are coming in such quick succession now that even the clocks wait till a raid for another tick.

It is estimated that there are about 350,000 families in Detroit, and the State estimates that there is one pleasure car to each three families, which is believed to be the highest average in any part of the world.

A special train under the auspices of the provincial department of agriculture, will soon tour the province in an effort to stir up greater interest in hog raising, especially bacon hogs. The train will be equipped to demonstrate drying, bacon making and other branches of agriculture.

Commissioner Harrison, of the Fair Wage Board, and Messrs. J. W. Mitchell, of Calgary, and Thomas Longworth, of Lethbridge, are in town today. Messrs. Harrison, Mitchell and Longworth comprise a committee appointed by the government to superintend the distribution of relief.

Help Wanted

MEN and WOMEN to sell to women in homes rubber-lined, waterproof Gingham Aprons for use in the kitchen. Can easily earn \$14 daily and more. Rapid seller and ready demand. Send 75 cents for sample apron and full particulars. Money refunded if sample returned. **BRITISH RUBBER COMPANY**, 232 McGill Street, MONTREAL.

Tenders Wanted

The Town of Blairmore requires the services of a man capable of keeping the Electric Power Lines in repair and for the collection of Water and Light Revenues. Tenders are invited for same and the lowest tender will not necessarily be accepted.

Tenders are also invited for the appointment of Legal adviser to the Town, for the year 1922, on the basis of a retaining fee, applications to state fee and the services which fee will cover. Address—Secretary-Treasurer, Town of Blairmore, Blairmore, Alberta.

MAIL CONTRACT

SEALED TENDERS, addressed to the Postmaster General, will be received at Ottawa until noon on Friday, the 3rd of March, 1922, for the conveyance of the Alberta mails, on a proposed contract for four years, twelve times per week on the route Bellevue - Canadian Pacific Railway Station (Bellevue), from the 1st of July next.

Printed notice containing further information as to conditions of proposed Contract may be seen and blank forms of Tender may be obtained at the Post Office at Blairmore, Alberta, and at the office of the Post Office Inspector.

Canada's Needs

No. 4—A Greater Use of Canadian Raw Materials

Men of all shades of political thought, and all students of economics, are agreed that the interests of Canada call for a reduction in imports of articles which the Canadian people can produce for themselves, and an increase in the export of those products and articles of which this Dominion can easily and profitably produce a surplus, in order that, through a combination of these two developments, a pronounced improvement may be brought about in the balance of trade in favor of the Dominion. It is when we come to consideration of ways and means whereby such a desirable and necessary change is to be effected that opinions sharply differ.

One school of political thought declares that the only effective means to lessen imports and increase home production is through a protective tariff—that is, a tariff sufficiently high to either shut out foreign competition or at least to enable the Canadian grown or manufactured article to undersell foreign goods of a like kind.

The opposing school of thought contends that the inevitable result of such a tariff is to so enhance prices as to place a handicap on articles needed in the development of the country, and that thereby production at home is lessened, and, while import trade may be curtailed, production for export is likewise lowered and the buying power of the whole country reduced, and prices so enhanced that people are forced to go without many things which otherwise they would be able to purchase, and that this decreased buying power results in depression and consequent unemployment.

The writer has no intention of taking any part in this political controversy. Whatever the effect of the tariff may be one way or the other, the writer inclines to the view that the real difficulty and economic weakness of the Canadian position at present is to be found in another direction.

The commercial strength of Germany before the war was found in the energy displayed by Government and people in developing the natural resources of the country for use at home and abroad. The same thing is true of the United States. Notwithstanding the countries imported to any extent anything they could produce at home. It will be said that both these countries had protective tariffs and it may be argued that such tariffs were responsible for bringing about the result noted. But were they so responsible?

Canada has had a protective tariff for many years, yet it has failed to develop many of its natural resources of raw material to anything like their full extent, and has gone on importing supplies which could have been secured at home. For example, Western Canada has some of the largest coal deposits in the world, yet for years millions of dollars worth of coal have been hauled by rail and shipped to Pennsylvania for use in this country. While Western Canada was doing this, Germany, as a result of scientific research work, was using greatly inferior coal to the Western Canadian article in the great German factories and as fuel for its people. Ontario lacks coal and has for decades followed the line of least resistance and imported millions of tons annually from Pennsylvania whereas much of Ontario and Quebec's industrial fuel requirements might have been obtained in Nova Scotia brought by water transportation up to the St. Lawrence. But it was easier to continue to get supplies from Pennsylvania than to engage in the national work of developing an inter-Provincial trade in coal from the Maritime Provinces via the St. Lawrence route.

Canada possesses enormously rich deposits in iron, copper and other minerals, but they lack development, and we are importing quantities of iron ore from the United States. Why? It is stated that one reason is that United States capitalists have secured control of the Canadian deposits and refuse to develop them so long as they can obtain sufficient quantities from their own mines; that, in a word, they are holding their Canadian properties in reserve against the day when their United States mines become exhausted and that then, and not until then, will they develop their Canadian held properties. It is this, so, and there appears to be evidence to support this charge, then it is high time the Canadian Government took steps to put an end to such an outrage by compelling the development and operation of these Canadian mineral properties with a penalty of forfeiture if such development is not proceeded with within a reasonable time.

Many Canadian manufacturers continue to import raw, or semi-manufactured, supplies to be worked up into a more finished product when, by the expenditure of some money and the display of a little more initiative and enterprise, such supplies could be obtained within Canada, thereby lessening our import trade and providing a very considerable volume of employment within Canada, and making possible a large increase in the value of Canada's export trade.

There are many things Canada cannot produce and must, therefore, import, but there are many supplies now imported which could just as well be obtained at home, and it is the duty of the Government to direct its energies and frame its fiscal policy along lines which will promote such development within Canada.

Whittier's Friends
The pupils were writing about their favorite poets, and one of them handed in this poem on Whittier:

"Whittier was born in America once when his parents were here abroad. He had many fast friends; but the fastest were Alice and Phoebe Carey."

A Year's Building
During 1921 there were 14,600 buildings erected in different parts of Canada.

Constipation Vanishes Forever

Farming Not a Dull Occupation

Men Who Like Work Find It Very Interesting

To be a good farmer, one must like farming. He must be interested in the things he works with, and in the problems he meets. He works with soil, with machinery, with seed, with growing crops and with animals. He works also with markets. The problems he meets arise from the weather and its effects on soil, seed and crops; from weeds and plants and animal diseases; from the wearing of machinery; from fluctuating prices and from men who, not willing to work themselves, spend their time in working others, and in trying to reap the rewards of other men's labor. All these interests and problems may be merely perplexing and baffling and defeating, but many farmers are winning financial success out of these conditions and are finding them anything but dull.

EVERY WOMAN IN POOR HEALTH

Has an awful struggle. Loses to do, all kinds of nervous troubles, headaches, weakness. Her one desire is for more strength and better health. What sickly women need is a cleansing, blood purifying remedy like Dr. Hamilton's Pills. This wonderful medicine clears out the wastes from the system, regulates the bowels, helps the blood. To look your best, to feel fine and fine all day, to be free from last-day headaches, use Dr. Hamilton's Pills regularly. 35c. at all drug stores. The Catarrhose Co., Montreal.

Prince Shoots His First Tiger

The Prince of Wales, who shot his first tiger while on a hunt in Nepal, says: "The animal measured nine feet six inches from nose to end of tail."

A GOOD APPETITE GREATLY DESIRED

The Occasional Use of a Tonic, Ensures a Good Appetite and Good Health

Loss of appetite is a common trouble, and indicates that the digestive system is out of order. Lacking a healthy appetite many people go too long without food or eat sparingly because food seems to distress them; and it is no wonder they complain of being constantly tired and unable to stand any strain. All this simply means that the digestive system is not doing its proper work. The nutriment that should come from the food is not being distributed to the various organs of the body. The words, "the blood is growing thin and watery." In such cases what is needed is a tonic and among all medicines there is no tonic can equal Dr. Williams' Pink Pills. Take a short treatment with these pills and note how promptly your appetite returns and your power to digest food improves. The value of Dr. Williams' Pink Pills in cases of this kind is shown by the experience of Mrs. William Bennett, Cleveland, Ohio, who writes: "For a long time I suffered severely from indigestion. I could hardly eat, and anything I did eat disagreed with me. The result was I became badly run down. I suffered greatly from headaches, and often passed sleepless nights. I had taken a great deal of doctor's medicine with very little benefit, and having read much about Dr. Williams' Pink Pills I decided to try them. The result has met my best expectations. My digestion is now as good as ever; I sleep well at night, and have gained in flesh, and now when anyone in our family is ill the only medicine to take."

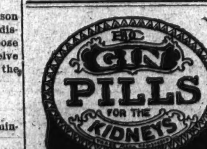

The best time to begin taking Dr. Williams' Pink Pills is in the morning, you feel the least bit out of sorts. The sooner you do so the sooner you will regain your old vigor and energy. You can get these pills through any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brookville, Ont.

Living in Austria is now 58 times as costly as in 1914.

Red and blue are the best colors for scarving blinds.

One of the best known guides in Nova Scotia gives this testimonial of MINYARD'S LINIMENT: "I have used Minyard's Liniment in my home, hunting and lumber camps for years, and consider it the best while in the market. I find that it gives quick relief to minor ailments, such as sprains, cuts, etc., and all kinds of wounds. Also it is a great remedy for coughs, colds, etc., which one is liable to catch when out driving and cruising during the winter and spring months. I would not be without MINYARD'S LINIMENT and cannot recommend it too highly." (Signed) Ellison Gray.

Hand-bombs were used in warfare as early as the 15th century.

ACHES AND PAINS—SLOAN'S GETS 'EM!

Avoid the misery of aching pains. Have a bottle of Sloan's Liniment handy and apply when you feel the aches or pains. It quickly eases the pain and sends a feeling of warmth through the aching part. Sloan's Liniment penetrates without rubbing.

Fine, too, for rheumatism, neuralgia, sciatica, sprains and stiff joints. Lame backs and sore muscles. For forty years pain's enemy. Ask your dealer.

At all drug stores—35c, 70c, \$1.40.

Sloan's Liniment (Pain's enemy)

The British Trade Ship

Will Demonstrate British Engineering and Itself be an Exhibit

Active negotiations are being made for the "Trade Ship" which is to be built to carry samples of British manufactures and other products on exhibition to all parts of the world. The builders of the ship are obtaining professional leaders for the various parts and fittings. Not only will the ship itself be a demonstration of British engineering, but every part of it will constitute an exhibit. Care is being taken to select only those component parts which will represent the best in British production. Keen rivalry is expected in this connection. The vessel is expected to sail from London in the autumn of next year on a voyage which will occupy eighteen months.

Corn disappear when treated with Holloway's Corn Remover without leaving a scar.

Only Explanation "One never hears a breath of scandal about her."

"Why?—Haven't she any friends?"

Dyed Her Stockings

And Skirt to Match

Every "Diamond Dyed" package tells how to dye or tint any worsted material or drapery in a rich color that will not fade or run. The "Diamond Dyed" is guaranteed with a money-back order. Just tell your druggist what color you want, and he will send you a package of "Diamond Dyed" wool or silk, or whether it is linen, cotton, or rayon. The package contains the color of the women have been using "Diamond Dyed" for years. It is a simple, safe, and sure way to dye your stockings, hair, and everything.

Drop in Montreal Customs Receipts

Customs and excise receipts collected at the port of Montreal during the past year amounted to \$80,271,570. This was a decline of \$14,596,588 due to a general disinclination in the volume of imports, the abolition of the customs luxury tax, and the declining value of the goods brought into the country.

Mother, Quick! Give

California Fig Syrup

For Child's Bowels

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste from the tender little bowels—and gives you a well, playful child again. Millions of mothers keep "California Fig Syrup" handy. They know how teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine California Fig Syrup which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

The Man With Asthma almost longs for death to end his suffering! He sees ahead only years of endless torment with intervals of rest which are themselves fraught with never ceasing fear of renewed attacks. Let him turn to Dr. J. D. Kellogg's Asthma Remedy and know what complete relief it can give. Let him but use it faithfully and he will find his asthma greatly benefited.

League Used Thousands of Baseballs
Thirty-three thousand, one hundred and ninety-two baseballs were used in the National League last season, President Heydler reported at the annual league meeting.

Many of the athletes were used, of course, in practice, but figured on a basis of 164 scheduled contests, the circuit clubs used something around 215 balls each day of the season.

For Sprains and Bruises—There is nothing better for sprains and contusions than Dr. Thomas' Electric Oil. It reduces the swelling that follows a sprain, will cool the inflamed flesh and draw the pain. It will take the ache out of a bruise and prevent the flesh from discoloring.

Where Father Shone
Father—71. I never smoked when I was your age. Will you be able to tell that to your son when you are my age?

Son—"Not with as straight a face as you do, father."—Exchange.

Dividing The Income

BY LORETTO C. LYNCH

An Acknowledged Expert in All Matters Pertaining to Household Management.

Every woman who has ever earned money knows that it is far easier to earn money than it is to divide it so that it is expended to the best advantage. And right now, at the beginning of the year, letters are coming from thirty households asking for some suggestions as to how to divide their incomes so as to make it all ends meet.

The income of an ordinary family, in what is paid to the father, each week for his labor, or what he receives from his office or store or factory. And added to this is such money as the mother or the children earn by their individual labor.

But just why should we give our attention to planning how to spend this income beforehand? For this reason—because certain expenditures are absolutely necessary to keep us alive, while other expenditures merely add to the joy of living and are what we call luxuries. And we can, in a measure, live and be happy without luxuries.

Statistics have taken hundreds of family incomes in all parts of our country and have calculated what part or percentage of these incomes should be spent for food, for shelter, for clothes and so on.

It is always wise in dividing up one's income to make believe that one's income is less per week than it actually is. The difference between the imaginary income and the real income can be set aside at once as an emergency fund or a margin of safety. This procedure will very often keep a family from running into debt when an unexpected emergency arises.

If one's income is twenty dollars per week, about thirteen dollars and fifty cents should be spent for food, rent and heat. If one's income is twenty-five dollars per week, one might spend a little more for these necessities, but more for clothes, education, recreation and health. In different places the division of an income differs. Rents in large cities are twice as high as in small towns, while fuel in a city is far less expensive than in a country.

Forty-three per cent. of the average small income goes out for food. To market efficiently is almost half of the battle won. The more a woman knows about food values and cooking and the use of leftovers, the more value will she get out of the money she spends for food.

After the food is eaten, some provision must be made for retaining the heat it produces in the body. This is attained by the clothing we wear. Purchasing clothing, especially in the winter time, with a view to ward maintaining body heat, is not a luxury but an economy as well as a necessity. One is only wasting money for clothing when it is expended on ultra-fashionable clothing, which often fails of its purpose.

Every well-kept home has a desk. It may consist of a cheap kitchen table with a drawer, but no matter how simple the household niche, it should boast of a desk. The income may be divided by placing it in strong manila paper envelopes. On one envelope write "food money," on another "clothing money," and so on.

Of course, one should try to save some money, but if you are discouraged along this line, let me tell you about a woman who is the soul of thrift, never had a doctor for her family in all her life. She confessed to me that she could never save one cent until her children began to earn. Every successful tea room, hotel restaurant, has got to do just this thing—make a budget—before expending one cent. So try the budget system.

WINNIE

Plain Facts for Stomach Sufferers

Digested food makes us strong, vigorous, healthy. Dyspepsia is invariably weak and ailing. All they need to make them strong and well is the power to digest food, and that is just what Father's Stomach Syrup gives. It helps the stomach, liver and bowels to do their work efficiently. Sold in 50c and \$1.00 bottles in drug stores.

Farmers Decide That Export Meat Business Is Not Profitable

Calgary.—Expressing an opinion that the establishment of any scheme for wheat marketing would be unlikely to secure for the farmers enough money to make it a profitable business consideration, J. P. Munn, secretary of the Saskatchewan Grain Growers' Association, speaking as a fraternal delegate to the United Farmers of Alberta convention, stated that the farmers must go through a period of suffering during the time in which there was being brought about a re-establishment of a reasonable parity between the prices at which the farmers have to buy and what they have to sell. Such a time of distress, he thought, was impossible to avoid, and it must be borne by all farmers, laborers and business men alike.

United Farmers of Alberta at this time will not go into the co-operative meat export business. After a long discussion, the 1,043 delegates decided to table indefinitely a report from a special committee which recommended that the association go into the business of shipping chilled beef to British markets on a co-operative plan.

M. Black, treasurer of the 1944 Orlin growers' market, who spoke by invitation, was not optimistic over the possibility of developing a chilled beef export business from Alberta points. Mr. Black predicted the removal of the British embargo on Canadian cattle within about two weeks, as the result of the settlement of the Irish question.

The report of the committee advised that action should be taken immediately to start marketing Alberta beef by the chilled meat system, through the medium of a co-operative company.

Hon. George Howland, provincial minister of agriculture, had written that the Government was convinced that the weight of evidence went to show that shipping of chilled Alberta beef to the British market would be a profitable enterprise.

Earth Shocks Felt In Los Angeles

Windows Were Broken and Frame Buildings Shaken

Los Angeles.—Severe earth shocks were felt in many sections of Los Angeles Jan. 17, shattering window glass in some quarters, and shaking frame buildings. There were nine distinct shocks between 7:10 and 8:30 o'clock, which excited much alarm. Many believed them earthquakes, while others attributed them to big gun practice of four dreadnoughts of the United States Pacific fleet.

Wants to Sell Managerial
Soma.—King Boris of Bulgaria, in the modern "man with a elephant on his hands" and he wants to sell part of his private managerial. Particularly, he would like to dispose of two elephants and several fine buffaloes which are now in the grounds of the summer palace near Sofia.

RHEUMATISM?
If you are a sufferer, Read This
Collinswood, Ont.—"It is with pleasure that I write this notice of commendation. I am a sufferer with rheumatism for three years and have been completely cured of same by taking a few packages of Dr. Pierce's Aurio Tablets and Dr. Pierce's Medical Discovery after doctors' medicines failed to do any good. I am now free from all signs of rheumatism for what I most heartily thank Dr. Pierce and his wonderful medicine." Mrs. Kerwood Cook, Box 464.
Send 10c to Dr. Pierce's Laboratory in Bridgewater, Ont. for sample of any of Dr. Pierce's remedies and have for free confidential medical advice.

HAVE YOU A COUGH?
This is at vital interest to you. Woodstock, Ont.—"I have always spoken a good word for Dr. Pierce's Golden Medical Discovery and we both have been cured of present good health to this splendid medicine. Bronchial pneumonia, as a child, left him die before married. I had chest trouble and it just kept getting worse every year even though the doctors and tried every remedy recommended to him. Some nights he would cough so hard I used to be afraid he might die before married. I told him he should try Dr. Pierce's Golden Medical Discovery and it was a year and a half before he was entirely cured of all bronchial ailments." Mrs. S. M. Green, 27 Sydney St.

Get the Discovery today at any medicine dealer, druggist or mail order.

Influenza Epidemic Spreading in England

London.—The outbreak of influenza is still widespread, and submarine crews are unable to put to sea for their annual exercise with the Atlantic Fleet because of its ravages among them.

At Dover the attendance of children at the moving picture theatres is prohibited, and the public schools are closed. At Northampton one-tenth of the teaching staff is down with the disease.

At present the weather is cold, and it is thought it will cause an abatement in the disease.

France Eager For Understanding

Message From Polignac Gives Satisfaction to Lloyd George

London.—Raymond Polignac has sent a message to Lloyd George expressing the desire in behalf of the French Government to repeat assurances, already given privately, that France is eager to resume "cordial examination of the various questions at issue between the two countries." He is convinced the two peoples, "who have been so closely allied on the field of battle, should be able, with common interest, to maintain peace in Europe and ensure execution of the treaties signed and the reparations damages caused by the invasion."

The message, together with the reply of Mr. Lloyd George, was given out by the foreign office.

"My colleagues and I received with great satisfaction your cordial re-affirmation, in behalf of the new French Government, of the assurances we exchanged last Friday," said the prime minister.

Describing it as "an important step," the British Government's view so recently published, Mr. Lloyd George concludes:

"We desire only, as we are glad to note you also desire, so to settle the outstanding problems that nothing may impede the completeness of the entente between your people and ours, and thus carry the comradeship of the war into the higher task of bringing the European peoples together in a just and abiding pact of peace."

Staff of Experts Includes Canadians

Going to South Africa to Erect Grain Elevators

London.—Officials of the Menzies company, who obtained the contract for the erection of the South African grain elevators, will for South Africa on January 20 with the remainder of the staff of experts, consisting of 20 Canadians and a number of Englishmen, Australians and Americans.

Mr. Menzies emphasized the fact that his firm was Canadian and that the material to be used would be mostly British or South African. Out of an outlay of \$1,250,000 in construction work less than \$20,000, he said, would go to further countries for special requirements which could not profitably be supplied by Great Britain.

Division of Profits on Grain

Member of St. Boniface Presents Resolution in Manitoba House

Winnipeg.—Division of profits between grain companies and producers by means of participation certificates is urged on the Federal Government in a resolution to be presented to the Provincial Legislature by J. Bernier, member of St. Boniface. The resolution asks also that misting inferior grain with Canadian standard wheat be made a punishable offense.

The compelling of grain dealers to furnish annually to the government full returns of grain handled, costs and profits, with dockage charges and screening reports, is also requested. The resolution calls for the standard of grain to be determined by sample inspection on the basis of milling quality as well as at present, by weight and quality of grain.

Don't Use Red Durum

Regina.—A warning to Saskatchewan farmers not to use Red Durum wheat for seed, was issued by H. Hedley Auld, deputy minister of agriculture, who had received advice concerning it from D. Maclean, superintendent of Saskatchewan Co-operative Elevators. Red Durum wheat is unsuitable for making bread or macaroni flour. It is practically unsaleable at the present time.

Six Minimum Wage

Toronto.—The minimum wage board is preparing to issue orders governing minimum wages for workers in the retail stores of the entire province. Up to the present, rates have been fixed to govern in cities and towns and range up to a minimum of \$12.50 a week in Toronto with slightly lower rates in smaller cities and towns.

Six Million For Salmon

Britain and France Take Bulk of B.C. Catch

Victoria, B.C.—In British Columbia 60,548 cases of salmon were caught in 1921, and 6,000,000 was realized. There remains to be sold 120,000 cases of "salmon." France absorbed a large proportion of the 1920-21 catch of plaques, and Great Britain took more than half of the sockeye pack of 163,914 cases, leaving about 75,000 cases for Canadian consumption.

Invitation From States Accepted

Representative From Chile Will Study Treaty of Ancon

Santiago, Chile.—Chile, it was announced, accepted an invitation from the United States Government to designate a plenipotentiary at Washington to study the form of execution of the Treaty of Ancon, under which the Tanco-Arica dispute between Peru and Chile arose. It is said the United States has extended a similar invitation to Peru.

May Soon Take Seats

Belmont.—As a consequence of developments in connection with the establishment of the Irish Free State, the Irish Nationalists will soon take their seats in the Northern Parliament which they have boycotted since its establishment. The Belfast Telegraph says it has learned on good authority.

Prince's Long Journey

Madras, British India.—The Prince of Wales has started for Bangalore on the first stage of a long journey through Central India and into the heart of Kashmir.

COULDN'T DO HOUSEWORK. HEART WAS SO BAD

Many women get weak and run down and unable to look after their household duties owing to the heart action becoming impaired or the nervous system unstrung.

Nature intended women to be strong and hearty and happy instead of sick and wretched. But how can a woman be strong and healthy when the first step of a long journey through the name routine of work, sweeping, dusting, cooking, washing, etc. to it any woman who becomes affected and she gets irritable and nervous, has no fun, faint and dizzy spells, headaches and sinking spells and can't sleep at night.

To all women whose heart is weak and nervous, we are instructing you would recommend

MILBURN'S HEART AND NERVE PILLS

as the best remedy to tone up the system and strengthen the weakened heart and nerves. Mrs. Daniel R. Hannon, Loganville, N.S., writes: "I was troubled with a weak heart for nearly two years I am writing to tell you what your great remedy, Milburn's Heart and Nerve Pills, has done for me."

My heart was so bad at night I couldn't sleep. I would take another pill, and was so weak I could not do my housework. I tried two doctors but got no relief. A friend advised me to try your pills. I used six boxes and am completely relieved. I think that is the best remedy for heart trouble there is."

Price, 50c a box at all dealers, or sent by mail on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

U. F. A. Ask For Reinstatement Of Wheat Control Board

Europe Will Need Imports of Food

Countries Looking to Canada and U.S. For Supply

Washington.—Europe this year will require huge imports of foodstuffs from Canada and the U.S., according to an announcement made by the U.S. department of agriculture. The announcement was based on the report of G. F. Warren and W. F. Chandler, who returned recently after making a study of European agricultural and market conditions.

Germany alone, it was said, will need 2,000,000 tons of imported food before the next harvest, and the United Kingdom, France, the Scandinavian countries, Czechoslovakia, Austria, Italy and Switzerland are looking to this continent for great quantities to supplement their own supplies.

Programme For The Genoa Conference

Many Questions of Great Importance Will Be Discussed

Paris.—The programme of the coming economic conference to be held in Genoa has been officially made public. The questions to be discussed will be: first, examination into means for putting into execution the principles outlined in the Cannes resolution of January 6, 1921, second, the existing state of peace on a solid basis, third, conditions necessary to the restoration of economic conditions without endangering or altering existing treaties; fourth, financial questions, such as currency, paper money, banks and banking, and fifth, economic and financial questions.

Experimental Shipment Of Frozen Fish

First Consignment Left B.C. For Atlantic Coast

Vancouver.—An experimental shipment of 200 tons of frozen fish, the first to go from British Columbia to the Atlantic coast by water, left here on the steamer Neponset, for New York, via the Panama Canal. It is probable that much of the fish traffic from British Columbia to the east will be diverted to this route.

Send Supplies to Russia

Washington.—The senate authorized the house substitute bill authorizing President Harding to turn over surplus army medical supplies not exceeding \$4,000,000 in value to relief organizations for distribution in the famine districts of Russia. The bill now goes to the president.

Germany Makes First Payment

Paris.—Germany has made her first payment of 21,000,000 gold marks, in accordance with the recent decision of the reparations commission at Cannes providing for such payments every ten days, pending a decision on the whole reparations issue.

Working Full Time

Brantford, Ont.—The Massey-Harris Company announced that the 600 employees now on their pay roll would be placed on full time. The hope was expressed that this longer time would prevail for some weeks.

Cabinet Differences Add To Worry Of The British Premier

London.—The London Times says that the cabinet differences were so acute at the last weekend that there was a possibility that Premier Lloyd George would withdraw from the government and hand the reins over to another statesman.

The Times adds that this possibility may now add to the anxiety of the cabinet. Mr. Lloyd George was reluctant to leave office before completing the act of parliament involved in the Irish treaty and was also keenly desirous of realizing fully the possibilities of the Genoa conference.

The postponement of the reopening

Calgary.—A demand for the reinstatement of the Canada Wheat Control Board, under the chairmanship of James Stewart, passed the convention of the United Farmers of Alberta after a long discussion with not more than half a dozen dissenters.

The resolution adopted was similar to the one adopted a week ago by the United Farmers of Manitoba, and it originated with the executive committee of the Saskatchewan Grain Growers' Association. The farmers leaders expect that the petition will get before the Federal Government backed by the action of the farmer conventions of the three western provinces. This resolution urges the government "to reinstate the Canada Wheat Board to handle the wheat crop of 1922 and until such time as world conditions again become normal, and that the board be under the chairmanship of Mr. Jas. Stewart."

The convention called upon President H. W. Wood for "advice and information," after delegates had discussed at length the proposals for a government board and for a voluntary pool. Each scheme had its advocates. Mr. Wood found it difficult to offer advice, he said, for there were dangers in both plans. The wheat pool system was correct in theory and some time it would be operated, but the process of education to it would be slow.

"The world," Mr. Wood went on, "could be made nearer to getting every fraction of a cent's value for our wheat than with Jim Stewart at the head of a wheat board. On the other hand, with some other man at the head of the board, that result could be achieved. The railway board with Judge Macbee at its head was one of the finest institutions this country has ever had; but with the present head it is a very sorry institution from the people's standpoint. A wheat board with Jim Stewart at its head is always a safe proposition."

States Must Send Delegates to Genoa

Leon Trotsky Says Conference Will Be Failure Unless Russia Is Present

Moscow.—The prediction was made by Leon Trotsky, Soviet minister of war, that the coming economic conference would be a failure "unless the United States enters it with a heavy hand," and makes possible the finding of the centre of the world's political equilibrium.

Trotsky's interview, granted to the foreign correspondents here, was the first of an authorized nature he had given since the change in Russia's economic policy.

Trotsky said the absence of France, should she decide not to be present, would not prevent Russia from participating in the conference if the United States did so.

When asked as to what the Soviet Government's attitude at Genoa would be toward the general disarmament programme, Trotsky said Russia favored such a programme but was skeptical regarding the attitude of France.

Girl Bank Messenger Robbed

Toronto.—Miss Margaret Redpath, a clerk in the employment of the Penny Bank, was held up and robbed of \$1,500. This is the first time that a girl bank messenger has been waylaid in the city.

Report of the economy committee

headed by Austin Chamberlain and Sir Eric Geddes, was not yet ready and would not be available yet for at least a fortnight. The government wishes to delay the report thoroughly, it was said, before parliament meets.

The Evening Standard says it understands one of the main reasons for postponement is on account of problems in connection with drafting necessary legislation to put the Irish treaty into effect.

GALLAY'S

Herman Gallay, manager

BLAIRMORE, ALBERTA

Of Local Interest

For funeral services phone 212, Crown's Nest Pass Undertaking Co.

Canada's coal output decreased over one million tons last year.

J. F. Gallagher, the convicted murderer of John Coward, has been sentenced to hang.

A kid at the local school asked her teacher if bootlegging was a profession, a habit, or religion.

Charles Andes, a farmer of Verdant Valley, was shot to death by his son-in-law, Halliburton McLeod. McLeod immediately afterwards blew his own head off.

A newsstand and lunch counter are the latest acquisitions to the Lethbridge station of the C. P. R. for the convenience of the travelling public.

Miss Margaret Buck, formerly of the Blairmore teaching staff, but of late with the Dominion Chautauques, is visiting at the teachers' bungalow for a few days.

Mr. and Mrs. F. M. Thompson left here Sunday night for the Old Country and will be away probably three months. The children are staying with Mr. and Mrs. Pinkney.

Here's a chance for bachelors: A letter from Duisburg, Germany, wishes us to publish a note in reference to the German women waiting partners from America and Canada. They claim 1,800,000 young Germans lost their lives to the war, and they are ready to undertake matrimony on application. Why not publish this call to Austria and Turkey?

Mr. and Mrs. Joe Gillespie, of Lethbridge, announce the engagement of their youngest daughter, Dorothy Alice, to Mr. George Albert Williams, of Calgary. The marriage to take place the latter part of this month.

Dick Marshall and Jud Foley will stage a boxing exhibition at the Hillcrest Union hall on Monday night next, in connection with which there will be several fast preliminaries.

Dr. R. B. Terry, of Westminster Cathedral, will receive \$2500 for playing the wedding march at the wedding of Princess Mary. It is reported locally that the Alberta fair-wage officers will immediately be dispatched to England to decide as to whether that amount is sufficient.

The provincial police entered the apartments of an old offender here last night, and after searching all through the place, removed a door facing and discovered a bottle of joy stuff peacefully reposing. The bottle and the apparent proprietor were both taken in custody to the barracks, there to await the bugle call.

In connection with the big seizure of liquor made by Const. Marjareen near Pincher Creek recently, Mr. H. Ostlund, on behalf of Harry Walker, has made application for the return of the 200 bottles of Peter Dawson on the ground that it was the property of the Lethbridge Export Co., and was being shipped to British Columbia, when the car broke down near Pincher.

Four times in succession, Coleman has been allowed to furnish a referee for this season's league hockey games, contrary to the rules and contrary to opinions of nine tenths of the lovers and supporters of clean sport. At the Lethbridge game at Coleman, they refused to allow A. J. Kelly, of Blairmore, to act as referee and employed a Coleman man instead. At that game, even the blind could see that the referee was playing the game for Coleman. The same can be said of the Bellevue-Blairmore game on the local arena and the Bellevue-Blairmore game at Bellevue, in each case a Coleman referee played a Bellevue game, even in the opinion of a member of the Bellevue team.

The St. Regis Hotel at Calgary has changed management, the new manager being F. G. Hughes. We understand that the hotel is being thoroughly renovated and in some respects remodelled.

K. A. Sand is this week distributing large attractive bills, issued from The Enterprise office, announcing a mammoth fire sale. Many attractive figures appear on this bill and there is no reason why Sand's store should not be swamped with eager economic buyers. Messrs. Sand lost heavily through the recent fire and explosion at Bellevue, and considerable of their stock sustained damage.

The Browns were at dinner. The second course was brought in, and there was silence, broken only by the sound of knife and fork. Then Brown looked up at wife.

"What is this?" George asked, pointing to the joint.

"The butcher said it was spring lamb," replied Mrs. Brown.

"Yes," granted Mr. Brown. "The butcher was right. I've been chewing one of the springs for the last ten minutes."

The third of the lecture series being offered by the Provincial Labor Bureau in conjunction with the Department of Extension of the University of Alberta and the local Educational Association was delivered at the Union church on Monday night by Professor A. E. Ottewill. The subject was "London Old and New," and was very interesting. Lantern-slide illustrations were used. The attendance was not as large as would be desired.

Attorney-General Brownlee threw a bomb into the drug store ranks by ordering that no more liquor should be sold to or sold by incorporated drug firms. This is a very large number of the drug stores of the province. Some of the companies affected applied to the court and were granted an injunction restraining the attorney-general from enforcing his order. Latest reports indicate that Brownlee has concluded to obey the court's order for the present, though his deputy at first announced that no attention would be paid to it.

Probate of the will of James White, late of Vulcan, who died on January the 18th, 1921, was granted to Alexander White, of Beaver Mines, brother of the deceased. The succession duty affidavit shows a gross value of \$5,265.34. The estate consists of a quarter section of improved farm lands. The executor of the will, Alexander White, is sole beneficiary. H. J. Maher, solicitor, of Vulcan, was solicitor for the estate. Mrs. F. W. Doubl, of Trail, B. C., is a sister of Alex and the late James White.

The Canadian National Rail ways recently issued a chart of earnings and expenses in which it was shown that earnings were increasing and expenses going down. Starting with August, which showed net profits of some \$47,000, a steady improvement has taken place, October earnings being some half million dollars greater than expenses. The greatest reduction in operating expenses occurred prior to July. This is a most important point, because it shows that the reduction in expenses occurred prior to the recent reduction in wages put into effect on July 15th. This is conclusive proof that greater tonnage and greater efficiency in management are primarily responsible for this very encouraging state of affairs.

Through the kindness of a number of friends, Mr. M. G. Rhynas, Blairmore's star goalie last season, who is deprived of taking his favored position in the net this season because of an accident during Christmas week, was given a commanding position at the arena on Friday night to watch the Bellevue-Blairmore game.
